EX4939

The Constitution of Japan extract
Government was derived from the
people, the authority for which is
derived from the people, the powers
of which are exercised by the
representative assembly, and
the long history of the people
by the people.
We desire peace for
conscience, deeply
controlling, and
we have our
security in the justice
in the justice of the
peace-loving peoples of the world.
(Constitutional Republic of Japan)
