

Yokohama Japan 4/10/57

Dear folks,

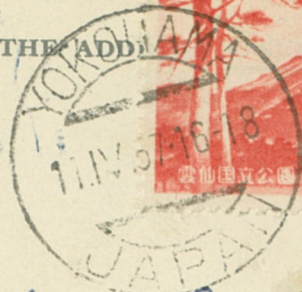

We have enjoyed our stay in Japan and we sail for Hawaii tomorrow at 4:00 P.M. The weather has been nice and cool, but we will be glad to relax a little for a week. Our short day with you was wonderful and it is nice to know and report to all of your friends that you are so happy in Okinawa. We hope that someday you will come to see us and see our pictures for we really enjoy showing them and reliving our trip again and again. The pictures that were taken by the ship's photographer were good and will send you one lot.

Best wishes to each of you.
Donna + Edwin
